THE BIG PRIZE FIGHT DECLARED OFF

PPEARANCES now indicate that unless Bob Fitzsim mon recants, and through his manager, Martin Julian, ac cepts the extraordnary condition which confronts the fight

situation, there will be no contest between Corbett and Fitzsimmons, unless it bean impromptu one, shorn of pursa offerings, ring rules, referees and seconds, for Corbett says that unless Fitzsimmons acts the man and accommodates himself to circumstances in will

Yesterday at Hot Springs there was a conference between Dan A. Stuart, Joe Vendig and the fighters, the latter by proxies, Brady representing Corhett, Fitzsiumone' altergo boing his brother-in-law, Martin Julian. Tuesday the ruling of Chancellor Leatherman is to be taken before the supreme court by the attorney general and the tribinal of last appeal may consume the days handing down a final leating.

In view of this fact, and anticipating In view of this fact, and anticipating a favorable decision, Dan Stuart called the parties in interest together and stated the conditions. Mr. Stuart wanted a postnonement till November 15. He argued that even if the court of final resort statistics of the decision of the chancellor, it would take that long to restore confidence and get the crowd to restore confidence and got the crown to Hot Springs. Braty, for Corbett, was willing. Julian was not. Despite the fact that Corbest went into training a week before his prospective opponent, Julian contended that his man was "too fine," and that to train for several days after the original time would militate against the physical condition of Fitz-

The proposition was then made that The proposition was then made that the men fight in private for a main stake and \$10,000 a side. Here Stuart interjected an ofter of an additional \$10,000. Brady was again willing, but Julian demurred. He opined that the club, if it pulled the fight off on the 31st of October, would have to make good its full promise of \$11,000. In all equity, in the face of the entanglements which have beast the path of Dan Stuart and Joe Vendig, this cannot be done. Where, a month ago, hundreds of excursion parties were being arranged for the trip to the fight, there are none to the trip to the fight, there are none to-day. Stuart asked for time; Corbett grauted it. Fitzsimmons has exacted his full pound of flesh.

As matters stand at this moment, to use the words of Howard B, Hackett,

use the words of Howard B. Hackett, the highest nuclistic authority in America. Corbett wants to fight, Fitz-simmons does not. The fight is divided between Little Rock, Hot springs and Corpus Christ. The Hot Springs part of it is before the supreme court at Little Rock, while the puglistic part is at long range between Corbett in Hot Springs and Fitzsimmons in Corpus Christi, represented respectively by their managers. There is even more doubt from indications at this writing about an agreement between the fighters than there is between the courts.

Governor Ciarke was expected to throw a bomb yesterday with sensational effects. It has been broadly intimated that he has one loaded and primed ready to huri and the reneral opinion was that it would be a military opinion was that it would be a minary noissile. He has not type thrown it, how-ever, and the indications now are that he concluded to be a little more careful about handling it than was supposed two days ago. This evening the season of the Musee league opens on the Musee alleys with three contests between the Nameless and H. C. Richards teams. As both are accounted among the best teams in the league the games are sure to be ex-citing and hotly contested. The Name-less aggregation has been strengthened by the acquisition of Handlau, formerly of Peu and Pencil and Hamilton, the old Lotus and Eldorado stand-by.

Pravious to the Nameless-Richards games there will be a meeting of the Musee league captains, at which a num-ber of matters will be decided. The principal piece of business will be to decide whether or not the league shall roll the two ball game recently adopted in the east. There is some opposition to such a step but it is a step of progress and Wheeling should not be in the rear in such a matter; it should be two balls, by all means. by all means.

It is plainly evident that if people, by over-work, fret, worry, dissipation or excesses, break down their nervous systems, nerve weakness must result.

It is not singular, therefore, that the heart is the first organ to suffer the result of nerve weak-ness.
